

## FA350

Led Beacon, Red shallow base, Red lens

### General

---

The FA350 is a general purpose LED beacon for fire alarm applications. Which features a special base containing all wiring connections and allow for easy removal/placement of the beacon.

### Easy and Fast Installation

---

The FA350 beacon allows faster installation and maintenance thanks to an innovative mounting base. Dispensing with the need for locking screws, these sounders use TimeSaver™ bases from the 630 series detectors. Heads are simply locked onto the base with a “twist and click” action, allowing fitting or removal at any time because the base is the only component that needs to be wired. As the cabling requirement is reduced, commissioning time and costs are naturally reduced as well.

### Efficient and versatile

---

The mechanism for locking the beacon to the base, can be activated if required. Once activated, a special tool is required to remove the sounder from the base.

The FA350 beacon utilises a full faced translucent sounder case, giving a much larger lens area and a greater spread of light.

### Standard Features

---

- Low current consumption
- Anti-Tamper locking mechanism
- Shallow mounting base
- Wiring directly to base
- High efficiency LED's

# FA350

Led Beacon, Red shallow base, Red lens

## Specifications

<b>Operation</b>	Continuous
<b>Supply voltage</b>	17 - 60 VDC
<b>Current consumption</b>	5mA
<b>Flash rate</b>	60/min.
<b>Line monitoring input</b>	Polarised input
<b>Housing</b>	High impact polycarbonate
<b>Ingress protection</b>	IP21
<b>Operating temperature</b>	-25°C to +70°C
<b>Dimensions (Ø x D)</b>	
Shallow base	100 x 81 mm
<b>Weight</b>	215g
<b>Color base</b>	Red
<b>Color lens</b>	Red
