

## FA340

Xenon Beacon, White base, Red lens

### General

---

The FA340 is a general purpose 1W red xenon beacon which can be used in various applications.

### Greater visibility

---

The FA340 beacon is fitted with a diffuser for greater visibility and spread of light.

### Locking mechanism

---

The mechanism for locking the beacon to the base is activated by default, but can be disabled if required. A special tool is required to remove the beacon from the base, if the locking mechanism is active.

### Standard Features

---

- Anti-Tamper locking mechanism
- Weather proof / IP65
- 12V or 24V

# FA340

Xenon Beacon, White base, Red lens

## Specifications

|                              |                                  |
|------------------------------|----------------------------------|
| <b>Operation</b>             | Continuous                       |
| <b>Supply voltage</b>        | 12 V $\pm$ 15% or 24 V $\pm$ 15% |
| <b>Current consumption</b>   |                                  |
| Average                      | 75mA @ 12 V or 45 mA @ 24 V      |
| Peak                         | 95 mA @ 12 V or 50 mA @ 24 V     |
| <b>Flash rate</b>            | 60/min.                          |
| <b>Line monitoring input</b> | Polarised input                  |
| <b>Housing</b>               | High impact polycarbonate        |
| <b>Ingress protection</b>    | IP65                             |
| <b>Operating temperature</b> | -20°C to +40°C                   |
| <b>Dimensions (Ø x D)</b>    | 85 x 81 mm                       |
| <b>Weight</b>                | 145 g                            |
| <b>Color base</b>            | White                            |
| <b>Color lens</b>            | Red                              |

## Ordering Information

| Part No. | Description                                 |
|----------|---|
| FA340    | Xenon Beacon, White base, Red lens          |
| FA340C   | Xenon Beacon, White base, Clear lens        |
| FA340Y   | Xenon Beacon, White base, Yellow/Amber lens |
